Dates: February 6, March 6 & April 17, 2018
Location: ESD 105 – Klickitat Room 8:00 a.m. – 3:00 p.m.
SESSION ID# 116655
FEE: $450.00 for non-Co-op Members.
Up to 18 clock hours– available after the last date of this offering.
Workshop fee is waived & sub reimbursement support for 3 days of training
for those members of the Instructional Improvement Cooperative
Facilitator: Darcie Jamieson
Space is limited to 20 participants

The Purpose:
- Implement flipped, blended or online instruction for the classroom or professional development. This course is designed for those who understand the basis of flipped, blended and online instruction and are ready to implement a course of project for students or for staff professional development.

Who:
- Administrators; Teachers; Professional Development staff; Coaches, Instructional Facilitators, Teacher Librarians who have taken Designing Digital Instruction-I and are ready to implement a project or a course, OR any instructor who has the necessary background and skills by instructor permission (call Darcie).

What:
- Create an action plan with success criteria and for the project or course.
- Evaluate technology demands of the project; select technology tools and implement.
- Create formative assessments and monitoring progress.
- Participate in a professional learning community in person and online.

How:
- Three whole-group trainings (see dates noted above).
- Discussion forum.
- On-site visits and support.
- Collaboration across districts.
