Healthy Habits Start Early

For Your Toddler
- Offer your toddler healthy snacks like small cubes of cheese, sliced banana, or whole grain crackers two to three times per day. This will help him stay full in between meals and reduce hunger-related temper tantrums.
- Try to be patient with picky eaters. He may need to try a food 10 to 15 times over several months before he will eat it.
- Try giving your toddler a choice between two healthy options. He will be more likely to eat healthy food if he picks it out.
- Milk and water are the healthiest drink choices for your toddler. Soda pop, 100% fruit juice, and sport drinks add extra calories to his diet and can harm his teeth.

For Your Preschooler
- Let your child help you in making healthy meals and snacks. She will be more likely to try healthy foods if she helps out.
- Try to keep your kitchen stocked with simple, healthy snacks like carrots, sliced apples and peanut butter, or string cheese. This will help you and your preschooler eat healthy, even on busy days.
- Milk and water are the healthiest drink choices for your preschooler. Soda pop, 100% fruit juice, and sport drinks add extra calories to her diet and can harm her teeth.

For Yourself and Family
- Your child is learning healthy habits by watching you. Try to eat healthy too.
- Set playtime, mealtime, and bedtime routines to make day-to-day life less stressful.
- Talk with your child’s doctor, Head Start staff, and other parents to get healthy eating tips.
